

Nashville Union.

TERMS:

DAILY UNION, per annum... \$5 00
WEEKLY UNION, per annum... \$2 00

WEDNESDAY MORNING, OCT 15, 1862.

From Kentucky.

We have nothing but rumor from Kentucky, which states that the engagement at Perryville was general; that the slaughter on both sides was heavy; that BULL'S loss was between fifteen and twenty thousand, and BRAGG'S much heavier, his force being cut to pieces and totally routed, with the loss of nearly all his artillery.

We cannot vouch for this report.

Southern Newspapers.

We have received the Atlanta Confederacy, the Knoxville Register, and the Chattanooga Rebel—all of Thursday, the 9th inst. From their columns we have culled a number of interesting items, which will be found in to-day's issue.

It is said that a pontoon bridge is to be constructed as soon as possible over the river at this point. The railroad bridge is also being strengthened; and we may look out for BUELL'S victorious army pushing forward rapidly through this place to finish the destruction of the flying rebels. The Perryville battle has been a glorious success. The rebel snake writhes in death.

A Capture.

Col. Stokes Cavalry captured thirteen guerrillas—being a full set and one thrown in for good measure, yesterday, eight miles out on the Nolensville pike. They were said to be the pickets of a regiment or more some miles further back. Perhaps some discoveries may be made before our readers see this paragraph.

Murfreesboro.

A rumor is circulated here that the rebels are being reinforced at Murfreesboro, several regiments having arrived there within the past few days. Their camp is said to be several miles from the town on the Salem church road. Our readers must take the rumor for exactly what it is worth.

Fort Donelson.

We heard yesterday from a new source, that there was a Federal force of fifteen thousand at Fort Donelson. We have had no intimation yet as to the purpose of the concentration, but doubtless a sudden blow is intended in some quarter.

Late Papers.

It is a great bereavement for us to be deprived of the Louisville and Northern newspapers, but we must be patient. We think it probable that highly important movements are on foot, and that the military authorities in Louisville have prohibited any newspapers to be carried in this direction. When the news does come it will doubtless be all the better.

Off to Murfreesboro!

The editor of the Union requests his lady friends not to send bouquets, jellies, preserves, marmalades, pound-cakes, fruits, wines, or other nick-nacks, to his sanctum to-day, as he will be unavoidably absent at Murfreesboro' to report ISHAM G. HARRIS'S great speech, a full and accurate report of which will be found in tomorrow's paper. The editor has succeeded after violent mental exertion, in borrowing for his hazardous trip, the identical cart and mule which BROWLLOW said CARSON McFERRIN hired to skedaddle in last February. He is said to be a tremendous propeller, sporting high ears and moral character.

Rebel Depredations.

The Knoxville Register complains bitterly of the plundering indulged in by the Rebel cavalry, in East Tennessee. We commend the following confession of that paper to those secessionists who are ever so ready to censure the excesses of Federal soldiers:
The depredations committed upon unoffending citizens by wandering bands of cavalry have been as numerous as they are reprehensible. We are told with what degree of truth we cannot say that forced contributions have been exacted, horses have been taken without payment being made, the owners have been defiled and insulted when restitution was demanded, defenceless women have been grossly wronged, forage has been forcibly taken from the impoverished, and all this, by men claiming to be soldiers of the Confederate States.

Picture of Virginia Aristocrats drawn by a Rebel Paper.

We invite the attention of those persons who believe that all the honor, generosity and truth in existence reside in Dixie, to the following graphic sketch from a late number of the Lynchburg Virginian. Are there any rich rebels in this city who can behold themselves here as in a mirror? And is it true that the rebellion is blunting the sensibilities of its votaries and turning them to monsters?

THE BACON SPECULATORS.—It is a lamentable fact, which every day impresses itself more and more deeply upon the Southern mind, that there is a race of Shylocks among us, sucking the life blood of the Confederacy from its young veins, and preying upon the necessities of the people with a ferocity which would shame the fiercest tiger ever reared in an East India jungle. We have often thought that this city was blessed (cursed?) with an over proportion of its share of this class of men, who bear the title of gentlemen, and who claim to be Christians; who occupy high seats in the church and aspire to be its rulers; who say hypocritical prayers and sing hypocritical psalms, and in such manner endeavor to conceal their extortionate and inhuman conduct beneath the cloak of religion.

A chance of which these disgraces to humanity have eagerly availed themselves, has just been brought to our notice. It is known that the disease known as hog cholera, has swept off a large portion of the hogs, upon which the people were depending for a supply of meat the coming year, and one or two of the speculators and extortioners, in this city, who have money, are now, we learn, engaged in buying up all the bacon in the market, with a view of having the whole supply in their hands, that they may charge what they please. Is this christianlike? Is it patriotic? Is it not rather born of a spirit which the devil only can instigate, and does not his satanic majesty smile approvingly upon this hellish work of his agents? It is useless to denounce such men, because if denunciation could have arrested their course, it would long since have been done. Our only object is to warn the honest merchant, and he who has bacon to sell, of the game that is being played, by these blood-suckers, in the hope that they will refuse to aid in so nefarious a work by selling to them.

And again:
WHAT IS THE REASON OF IT?—The millers pay only on an average about two dollars and forty cents per bushel for wheat, and yet they charge seventeen dollars for Superfine flour. Now in our day, it used to be that four and a half bushels of good wheat would make one barrel Superfine flour, leaving offal, and allowing an eighth for the profits of grinding. This calculation would make this quality worth \$11. Then why is it held at \$17. Has wheat taken the disease of extortion, and refused to yield as formerly when ground into flour, or is it pure unadulterated extortion of the millers? We fear it is the latter. The people who have to buy should look into the matter.

STAMPEDERS.—About forty-one stampeders were arrested at Mullberry Gap recently, and they arrived here yesterday evening. They are mainly from Greene and Washington counties. They seemed to be possessed with the idea that the Federal army was in reach; but the illusion was suddenly dispersed. Nearly as many more deserters and prisoners of war were brought down by the same detachment.—Knoxville Register.

The above paragraph, in connection with other statements in the Register, indicate clearly that East Tennessee is on the eve of a grand up-rising of the people. The rebels are panic-stricken, and the Unionists are hopeful.

GENERAL TOOMBS.—The Augusta Chronicle and Sentinel of the 6th says:
Gen. Toombs arrived in this city yesterday from Virginia. His wound and the hard service he has seen lately, has told very much upon his health and appearance, but we hope that the quiet and comforts of home may soon enable him to resume his place in the field.

TEALEY & SWAN'S passenger Express for Henderson, on the Ohio river, will leave on Thursday next, 16th inst. Fare \$20. Apply immediately at their Livery Stable, No. 5 South College Street. Oct. 14-34.

JOHN MORGAN IN FRANKFORT.—We learn by telegraph from Benson that the rebel John Morgan made his appearance at Frankfort at one o'clock yesterday afternoon with three thousand cavalry and took possession of that place. It appears that Gen. Sill's division of Federal troops, after occupying Frankfort, took up the line of march for Danville by way of Lawrenceburg, leaving no force whatever at the capital. Gen. Donnan's division was still at Shelbyville last evening.—Louisville Journal.

TENNESSEE BRANCH OF THE NATIONAL CLAIM AGENCY CONDUCTED BY HARVEY, COLLINS & BRACE, WASHINGTON, D. C.

CHARLES H. GREEN, Agent, No. 38, Cherry Street, Nashville, Tenn.

THIS AGENCY possesses peculiar facilities for the successful prosecution and settlement of demands against the General Government of EVERY DESCRIPTION, its conductors having had several years' experience in the management of claims before Congress, the Court of Claims, and the Executive Departments at Washington, and being thoroughly acquainted and familiar with the laws and regulations governing their adjustment.

Particular attention will be given to cases arising out of the present war, including the accounts of States, Contractors, and Disbursing Officers of the War and Navy Departments, and for Collecting, Editing, and Organizing Vouchers, by the reimbursement of which is authorized by an act of Congress; CLAIMS FOR INDEMNITY FOR PRIVATE PROPERTY TAKEN FOR PUBLIC USES, OR FOR DAMAGES TO SUCH PROPERTY, for Horses lost in the service, and for Military Pay, Pensions, and Bounty Land.

We give special attention to procuring Pensions, Bounties, etc., according to orders which have been issued, contracted off cases, or the families of such as have died, or been killed while in the discharge of their line of duty as such during the present war.

Special care will also be given to claims which have been heretofore rejected or suspended by the Department, and efficiently managed. Prompt attention also to the collection of Quartermaster's Receipts given for Property taken for the use of the Army, to arranging Accounts with and collecting Claims against the Quartermaster's Department.

All Claims placed in our hands receive our Prompt Personal Attention, thereby securing many which, in the hands of an Attorney at any distant point, frequently prove unobtainable.

Acting from the decided advantage, our daily intercourse with all the Departments enables us in most cases to obtain decisions much more speedily than where at communication and other necessary detail must be conducted through the mails.

To this end, we solicit you to forward to us any or all cases of each character you may have from time to time have presented, and, as is our custom, we will furnish you with all the necessary blanks, and, when required, instructions.

No charge made in any case unless successful. Address: CHARLES H. GREEN, No. 38 Cherry Street, Nashville, Tenn.

ON and AFTER THE 1st DAY OF JULY 1862 I will open an office at the St. Cloud Hotel, Nashville, Tennessee, and upon Main street, opposite the South Main Louisville, Ky., for all transactions on hand in this territory, for three months, from July 1st 1862.

DR. COLEMAN'S PRIVATE DISPENSARY. THE attention of citizens, strangers, and others using Nashville, requiring medical aid, is respectfully called to this office, No. 21 Deaderick street, second floor, between Cherry and the Square.

DR. COLEMAN is an old practitioner of medicine; his almost unlimited experience and extensive success for many years past, in the treatment of private diseases, has induced him to devote his undivided attention to all diseases of this nature. Many cases of the most inveterate character have promptly yielded to his improved method of treatment.

Primary, Secondary, Tertiary and Hereditary Syphilis, Gonorrhoea, Gleet, and all diseases of the genital and urinary organs, meet with no resistance to his remedies.

A special irregularity and functional derangement of the Womb, and the disease arising from Gestation and its managed partition. Every case of Rubeola Rupure, and of Piles, and Protrusion of the Rectum, and most cases of Hemorrhoids, can be cured by a process nearly painless. If either of the latter cases is undertaken by Dr. Coleman, care is invariably manifested, as a careful examination always presents the necessary indications of success or failure by his improved method of operating.

Persons of either sex applying to persons by letter (describing cases) on the first symptoms of any acute specific disease, can be cured in most cases, by the abortive method, in forty-eight hours.

Strict confidence, prompt attention, and moderate charges, will govern him with his patients.

No mercury used in the treatment of gonorrhoea, diphtheria, or leucorrhoea (in most cases) or in the treatment of any disease than that it is given to cure.

Office hours from eight in the morning till five in the evening. aug 15, 41-41
